## **Youtravel adds new destinations to portfolio**

YOUTRAVEL.COM HAS recently added new destinations to its portfolio including Thailand, Dubai, Oman, the Caribbean, the Azores and Lebanon.

The addition of Austria as a destination has also been a first for the company, as this is the first time that it is adding ski hotels to its offering.

The company currently offers more than 5,000 hotels available to book online and via its XML feeds, with more than 120 hotels exclusive to the UK market.

As examples, two new and exclusive hotels have been added to the Aquis Collection, the Aquis Plaza Resort in Anavyssos and the Aquis Mon Repos Palace Art Hotel in Corfu, with rates starting from £35 per person per night based on an all-inclusive stay in May.

Meanwhile, the company reports that its recent announcement regarding its return to trading under principal status comes at a time when the industry finds itself under much pressure and reforms, and has therefore been well received by the trade, as evidenced by an increased number of bookings and the generation of new business.
